Date :2008-05. Pages Number: 256 Publisher: East China Normal University Press Pub. Date :2008-05. Physics is a basis for discipline where the foundation should have a double meaning: on the one hand, many other physical knowledge is to learn the foundation of modern science and technology; the other hand, students In the process of learning physics to be trained and improved thinking ability, practical ability and creative ability, but also to learn from other applied science and expertise are indispensable, a student in the physics competition to obtain outstanding results, not only to master a lot of physical knowledge, must also have strong problem-solving skills and a good psychological quality, therefore, to develop top students in the physical work, in essence, is a typical quality education, to improve their innovation capacity is also very useful since 1984 So far, the Chinese Physics Society has held 22 th National Physics Olympiad students, participants accumulated more than 200 million people. This event is the national secondary school students studying physics, physical sciences, especially...
