By Rosa Monica Rodrigo

Springer-Verlag Gmbh Jul 2014, 2014. Taschenbuch. Book Condition: Neu. 235x155x10 mm. Neuware - This introduction to sports injuries in children and adolescents is written in a user-friendly format and takes into account the fact that sports injuries in the pediatric population are not an easy topic for non-pediatric orthopedic surgeons, pediatricians, and non-pediatric radiologists. Each of these chapters comprises ten cases, and each case study includes up to four figures, a description of the clinical case, a review of the pathophysiology of the condition described in the case, and a final section on imaging findings. Sports Injuries in Children and Adolescents is a case-based book aimed at pediatricians, pediatric orthopedic surgeons, and radiologists. 112 pp. Englisch.
