Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1915 Excerpt: .delivered by Professor C. J. Keyser before Section A of the American Association is printed in full in Science for March 26. His theme is the desirability and feasibility of organizing in every university a course such that an advanced student, while specializing in some other field, may yet gain a general knowledge of mathematical problems and processes. The mathematics section of the Michigan Schoolmasters Club met in Ann Arbor, April 1, 2 and 3. The program consisted of short discussions of practical phases of the teaching of high school mathematics, among which were Practical applications of high school mathematics and Correlation between mathematics and other branches, and correlation of the various mathematical disciplines. The Annual Conference of high school teachers in Kansas with the State University was held at Lawrence on March 26, 27, 1915. The leading paper at the mathematics section was given by Professor H. E. Slaught, of the University of Chicago, on the topic: Retrospect and Prospect in High School Mathematics. There was also an informal meeting of a dozen teachers of college mathematics, who were anxious to discuss matters of interest in the collegiate field. The latest bulletin from the United States Bureau of Education on Curricula in Mathematics is a comparison of courses in the countries represented in the International Commission on the teaching of mathematics. The bulletin was prepared by J. C. Brown, of Teachers College, with the editorial cooperation of the American members of the commission. The spring...
