

Comics Art (Hardback)

Filesize: 6.79 MB

Reviews

It is one of the best publications. It really is really intriguing through reading through period of time. You will not feel monotony at anytime of your own time (that's what catalogs are for relating to in the event you request me).

(Dr. Pat Hegmann)

COMICS ART (HARDBACK)

[DOWNLOAD](#)

TATE PUBLISHING, United Kingdom, 2013. Hardback. Book Condition: New. 272 x 214 mm. Language: English . Brand New Book. The phenomenal growth of graphic novels and manga and the explosion of comics on the internet and other platforms have given their creators unprecedented freedom to innovate. Many can enjoy widespread acclaim in the art world, literary circles and through their multimedia adaptations. Comics Art takes an international approach by tracing lines of influence around the world to give historical contexts and contemporary perspectives for this huge current interest in the medium. Richly illustrated with many images taken from original artwork and rare artefacts, Comics Art gives a fascinating, accessible guide to some of the special properties of sequential art, such as panels, page layouts, speech balloons and wordless or silent narration. It addresses concerns about how comics perpetuate stereotypes and support the status quo, while assessing their growing significance, notably through autobiography and reportage, as vehicles for provocative voices often silenced in other media. Comics Art also explores the diversity of styles, media and approaches now possible in the medium and exciting developments in digital comics and in comics conceived for galleries and installations.
