## VA HEALTH CARE: FACILITIES HAVE TAKEN ACTION TO PROVIDE LANGUAGE ACCESS SERVICES AND CULTURALLY APPROPRIATE CARE TO A DIVERSE VETERAN

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. The Department of Veterans Affairs (VA) faces challenges in bridging language and cultural barriers as it seeks to provide quality health care services to an increasingly diverse veteran population in terms of race, ethnicity, sex, and age. To meet the needs of veterans with limited English proficiency (LEP), VA issued an LEP Directive that provides guidance for medical centers in assessing language needs and, if needed, developing language access services designed to ensure effective communication between English-speaking providers and those with LEP. In addition, VA is also challenged to deliver health care services in ways that are culturally appropriate—that is, respectful of and responsive to the cultural values of a diverse veteran population. In light of these challenges, GAO was asked to discuss the (1) actions VA has taken to implement its LEP Directive and the status of veterans utilization of language access services, and (2) efforts VA has made to provide culturally appropriate health care services. GAO reviewed VAs policies and the LEP Directive, interviewed VA officials and reviewed efforts by 6 VA medical centers and 10 other VA facilities to implement VAs LEP Directive and to provide culturally appropriate health care services. GAO also reviewed documents from 17 other VA medical centers related to implementation of the LEP Directive. This item ships from La Vergne, TN. Paperback.
