Neuware - Diploma Thesis from the year 2001 in the subject Business economics - Investment and Finance, grade: 1,0, University of Mannheim (unbekannt), language: English, abstract: Inhaltsangabe:Abstract: As especially in the 1990s corporations today still reconsider their organisational and ownership structures to become more competitive and profitable. Corporate restructuring, however, is not a value creating mechanism per se, but it can enhance corporate flexibility and focus the company on its main line of business. During a restructuring process, the parent firm has several options and choosing the right one in order to be successful is probably one of the most challenging tasks for the management. Options can be utilised to reduce ownership through a Carve-out or eliminate involvement in a Spin-off or Asset Sell-off. A rather unknown form, the Tracking Stock, will also be mentioned and explained. They all added a new dimension to the corporate landscape. Typically, the corporation's aims of restructuring are to create shareholder value. In the last two decades, the tendency was to strengthen the focus on its core businesses and becoming more and...
